

X-ray Technologist

Competition #: 2017-22

The partnership of EFW Radiology owns and operates thirteen community-based clinics providing Diagnostic Imaging, Maternal Fetal Medicine, and Pain Management services. Since its inception, EFW has been actively involved in teaching at graduate and post-graduate levels at the University of Calgary and SAIT. EFW physicians are also involved in a variety of research areas at the University of Calgary. EFW Radiology is a growing organization which performs more than 600,000 imaging studies, interventional procedures, second opinions and consultations annually.

We are currently accepting applications for a **casual X-ray Technologist** position. The X-ray Technologist reports to the X-ray/Mammography Supervisor, and performs x-ray examinations in an efficient and effective manner while providing exceptional patient care.

Responsibilities:

- Ensures that each patient seen by EFW is provided with the highest level of care and, that an exceptional patient experience is created;
- Operates or oversees operation of radiologic medical imaging equipment to produce high quality diagnostic images;
- Verifies patient history and relevant information prior to beginning exam;
- Communicates with patients in a professional manner explaining procedures and observing the patient during the examination to ensure safety and comfort;
- Assesses and evaluates x-ray images by ensuring the highest imaging quality to determine if images are satisfactory for diagnostic purposes;
- Ensures that radiation safety measures and protection devices are used in accordance in compliance with government regulations to ensure the safety of patients and staff;
- Demonstrates EFW values of Compassion, Trust, and Meaning in the workplace;
- Adheres to all privacy and confidentiality policies and procedures as they relate to EFW, our patients and our employees;
- Undertakes other related duties as assigned.

Qualifications:

- Medical Radiation Technology diploma required;
 - Current CAMRT/ACMDTT registration and license to practice in Alberta;
 - Ability to consistently produce excellent radiographic images;
 - Exhibit sound judgment and effective decision making skills;
 - Excellent oral and written communication skills with the ability to ask questions and give clear instructions;
 - Ability to accept constructive feedback;
- 

- Committed to providing professional and compassionate patient care;
- Exceptional time management and multi-tasking abilities required;
- Ability to communicate effectively;
- Strong interpersonal skills including the ability to work as an effective team member as well as independently;
- Strong computer skills including a working knowledge of RIS software including PACS.

EFW strives to deliver healthcare with compassion, earn the trust of referring physicians, and provide careers with meaning.

If you are interested in the above position, have the required qualifications, are dedicated to quality patient care, and want to be a member of a team of dynamic health care professionals, please forward your application in confidence by **Thursday, October 19, 2017** to efwresume@efwrad.com
