

## Casual Nuclear Medicine Technologist

**Competition #: 2018-05**

The partnership of EFW Radiology owns and operates thirteen community-based clinics providing Diagnostic Imaging, Maternal Fetal Medicine, and Pain Management services. Since its inception, EFW has been actively involved in teaching at graduate and post-graduate levels at the University of Calgary and SAIT. EFW physicians are also involved in a variety of research areas at the University of Calgary. EFW Radiology is a growing organization which performs more than 600,000 imaging studies, interventional procedures, second opinions and consultations annually.

We are currently accepting applications for a **casual Nuclear Medicine Technologist**. Reporting to the Manager, Nuclear Medicine, BMD, MRI, the incumbent is responsible for performing nuclear medicine and bone mineral density procedures in an efficient and effective manner while providing exceptional patient care.

### **Responsibilities:**

- Performs nuclear medicine and bone mineral density procedures in accordance with all established protocols and safety requirements;
- Compiles and verifies patient histories and relevant information prior to beginning procedures;
- Adheres to all EFW Radiation Protection Policies and Procedures and incorporates the ALARA principle;
- Assesses and evaluates nuclear medicine and bone density images to aid in diagnoses;
- Communicates in a professional manner to patients, educating them on examination requirements and promoting the principles of good health and radiation protection;
- Ensures all necessary documentation is accurately completed;
- Collaborates with Radiologists on scans when required;
- Demonstrates EFW values of Compassion, Trust, and Meaning in the workplace;
- Adheres to all privacy and confidentiality policies and procedures as they relate to EFW, our patients and our employees;
- Undertakes other related duties as assigned.

### **Qualifications:**

- Completion of diploma or certificate from a recognized nuclear medicine technology program;
  - Current CAMRT/ACMDTT registration and license to practice in Alberta;
  - Exhibits sound judgment and effective decision making skills;
  - Exceptional time management and multitasking abilities required;
  - Demonstrates a commitment to the provision of compassionate patient care;
  - Ability to communicate effectively;
  - Strong interpersonal skills including the ability to work as an effective team member as well as independently;
- 

- Strong computer skills including a working knowledge of RIS software including PACS, Promedius, etc.

EFW strives to deliver healthcare with compassion, earn the trust of referring physicians, and provide careers with meaning.

If you are interested in the above position, have the required qualifications, are dedicated to quality patient care, and want to be a member of a team of dynamic health care professionals, please forward your application in confidence by **Wednesday, February 14, 2018**.
